Students planning to enroll in SPM 6947 - Graduate Internship or SPM 6948 - Advanced Practicum must submit a proposal for approval. The typed proposal must be submitted with Page 3 of this document. The proposal is to include, in detail, a description of the internship/practicum site, your duties and responsibilities, fit with your degree plan and a timeline. Specifics of the proposal can be found on Page 2 of this document.

**Credits**
Students can enroll for 3-9 (max 9) credit hours of SPM 6947 - Graduate Internship or 1-3 (max 6) credit hours of SPM 6948 - Advanced Practicum. Students can have no more than 12 combined credit hours of internship and/or practicum count towards their required 15 elective credit hours.

Students must complete a minimum of 48 clocked work hours for each academic credit hour. Students cannot retroactively add or drop credit hours to/from the course. All work must be completed during the semester for which a student has registered. Failure to complete practicum or internship hours and duties will result in a grade penalty.

**Grading Procedures**
As part of the internship or practicum requirements, students must have their supervisor complete and submit a midterm and final evaluation. The final evaluation must be turned in no later than the week prior to the last day of classes. The evaluations are to be submitted to your academic advisor.

In addition, students will be required to submit a written review and reflection of their experiences. When appropriate, students may work with their academic advisor to determine other documents or projects that might be more appropriate for the position in which the student is gaining experience. Students will also be required to provide a midterm update of their experiences as they relate to their proposed goals and objectives.

SPM 6947 - Graduate Internship is graded on Satisfactory/Unsatisfactory basis. Student grades will be assigned based on their supervisor’s midterm and final evaluations as well as their agreed upon deliverables.

SPM 6948 - Advanced Practicum is graded on letter scale. Student grades will be assigned based on their supervisor’s midterm and final evaluations as well as their agreed upon deliverables.

**Eligibility Requirements**
Students with fewer than 18 credit hours of graduate coursework must register for SPM 6948 - Advanced Practicum. You do not need to provide proof of insurance or ensure UF has an affiliation agreement with your proposed site.

Students who have successfully completed two full-time semesters or 18 credit hours of graduate coursework can register for SPM 6947 - Graduate Internship. Prior to registering for SPM 6947 - Graduate Internship, students must confirm with the internship office (FLG 330) that an internship affiliation contract has been agreed upon and signed by both the work site and internship coordinator. You will need to provide the following information to the internship office in order for them to create an affiliation agreement:

- Site name
- Site contact person's name, professional title, and email address
- Site address
Restrictions

- Students may not receive internship or practicum credit hours from the same department with which they are an employee or graduate assistant.

- Students may not receive internship or practicum credit hours from coaching or working as an instructor during athletic camps and/or clinics.

Internship Liability Insurance

Students registering for SPM 6947 – Graduate Internship must also show proof of professional liability insurance ($1,000,000) one million dollars of coverage. Here is information on how to complete the professional liability insurance online through Forrest T. Jones, which we recommend because we have found it is the more affordable option for our students:

- In order to obtain the student discount on the liability insurance from FTJ, you must first become an undergraduate member of AAHPERD for a cost of $50. In order to obtain this membership, go to www.aahperd.org and click "Not a member? Join now!" and follow the membership application from there. Please note that you DO NOT need to submit a confirmation page from AAHPERD for your internship packet.

- Once you complete this, go to www.ftj.com to obtain your professional liability insurance for a cost of $25. On the FTJ site, under Association Members, select "Education" from the drop-down menu under Select Profession; select "AAHPERD" from the drop-down menu under Select Association; enter your zip code; and click Go. From there, under Professional Liability Insurance, click "Student Educator Professional Liability Plan." On the next page, click "Enroll Now" and follow the prompts from there to obtain your insurance. Complete the enrollment process online rather than by mail when given the option between the two on the next page.

- You will receive several confirmation pages once you obtain the insurance. For internship and verification purposes, please be sure to print the page that says “Certificate of Insurance” at the top.

Internship or Practicum Proposal

This portion of your proposal is to be submitted with Page 3 of the internship/practicum proposal form.

1. Please provide brief summary of the agency for which you will be working.
2. How working for this agency fits in with your degree plan?
3. What will be your duties and responsibilities?
4. What are your learning goals and objectives?
   a. Please make sure your learning goals and objectives are specific and measurable as you will be reflecting on these in your midterm and final write-up.
5. Please provide a detailed timeline of your experience.
   a. Please keep in mind that all work must be completed during the proposed semester.
   b. 48 clocked work hours = 1 academic credit hour
6. What academic paper or project will you submit for a grade?
   a. Please work with your advisor or supervisor to determine the deliverable(s).
